PRODUCT GUIDE

CHOOSE YOUR WEAPON.

THE TRIED AND TRUE LOGIC LINE NOW BRINGS TO YOU, MORE VARIETY. BIG OR SMALL, LONG OR SHORT, THE LOGIC CT SERIES HAS A FIT FOR EVERY STYLE. FROM 31" ALL THE WAY TO 39" AXLE TO AXLE, THE LOGIC SERIES COVERS IT ALL. ONE THING THAT PRIME HAS CONTINUED TO FOCUS ON, IS ACCURACY. A BOW THAT FITS YOU AND YOUR STYLE WILL MAKE YOU MORE ACCURATE.

LOGIC **CT3**
NEW LINE UP FOR 2019

33" AXLE TO AXLE

A GREAT ALL-AROUND BOW. PERFECT FOR TREESTANDS, SPOT AND STALK, AND EVEN GROUND BLIND HUNTING.

35" AXLE TO AXLE

THIS IS THE ULTIMATE WESTERN HUNTER BOW. DESIGNED TO BE MORE FORGIVING ON LONGER SHOTS.

39" AXLE TO AXLE

A BIG BOW FOR A BIG PERSON! NOT EVERYBODY IS THE SAME SIZE, AND THE CT9 WAS DESIGNED WITH THAT REASON IN MIND. THE LOGIC CT9 CAN SERVE AS A GREAT TARGET BOW AS WELL.

PRIME TECHNOLOGY

WHERE ACCURACY IS EVERYTHING

PARALLEL CAMS

PRIME'S PARALLEL CAM SYSTEM PROVIDES THE SUPERIOR BALANCE OF TWO STRING TRACKS COMBINED AS ONE BY STANDING TOGETHER TO VIRTUALLY ELIMINATE CAM LEAN, A LEFT/RIGHT TUNING PROBLEM NO OTHER COMPETITOR HAS FELT NECESSARY TO ADDRESS, BUT IS THE CAUSE OF MANY MAJOR ACCURACY AND CONSISTENCY ISSUES.

FLEXIS ROLLER GUARD

FLEXIS-AR PUTS YOU IN THE CUSTOMIZING DRIVING SEAT. THIS PATENTED ADJUSTABLE FLEXING ROLLER GUARD ALLOWS YOU TO ADJUST THE DISTANCE THE CABLES ARE FROM YOUR ARROW FOR OPTIMUM FLETCHING CLEARANCE AND IMPROVE TUNING ABILITY.

CENTERGY TECHNOLOGY

THE CENTER GRIP RISER WAS CREATED TO HELP MAKE THE SHOOTER A MORE ACCURATE SHOT. UNLIKE MOST BOWS THAT HAVE THE NOCK AT THE CENTER OF THE SYSTEM, WE MADE THE GRIP THE CENTER POINT. THIS ALLOWS THE BOW TO BE MORE STEADY, OVERALL MAKING EVERYONE A BIT MORE ACCURATE.

SWERVE

THE SWERVE IS A STRAGICALLY DESIGNED CURVE THAT PRACTICALLY ELIMINATES LATERAL MOVEMENT DURING THE DRAW CYCLE. THIS CURVE THEREFORE REDUCES VEBRATION AND SOUND, MAKING IT MORE CONSISTANT.

82X ALUMINUM

PRIME RISERS WERE ALREADY THE STRONGEST RISERS IN THE INDUSTRY. WE IMPROVED IT BY CREATING AN 82X ALLUMINUM THAT RESULTES IN EVEN LESS RISER MOVEMENT, MAKING IT A MORE COMFORTABLE AND ACCURATE BOW!
