

STABILITY *BUILT IN™*

PRIME PERFORMANCE ACCESSORIES™

The strategy for our Prime Performance Accessories is simple. Work with the best accessory manufacturers in the industry and design the best integration possible. Giving Prime shooters the ultimate performance out of their accessories in the field when it matters most.

PRIME SHIFTLOCK QUIVER

- Partnered with Tightspot
- Tightest fitting most adjustable quiver on market
- Custom mounting bracket
- Color matched Black, Ridge Rock, and Morel

PRIME EPSILON REST

- Partnered with Hamskea
- Prime custom low-profile bracket
- Pre-set zero position for Prime's center shot
- Works perfectly with Prime's limb-driven axle attachment

AXLE TO AXLE: 36"
BRACE HEIGHT: 6.75"
SPEED (IBO): 330 FPS

DRAW LENGTH: 27.5"-31.5"
MASS WEIGHT: 4.7 LBS
DRAW WEIGHT: 40-80 LBS

REVEX™ 2023 FEATURES

CORE™ CAM SYSTEM

The new CORE cam still features our cam balancing technology that brings the strings and cables in line with each other, to make this cam perfectly balanced throughout the draw cycle. The all-new CORE cam system features draw length specific mods that allows the REVEX to reach maximum efficiency at every draw length.

CENTER GRIP RISERS

Prime bows are designed with the grip in the center to improve aiming and accuracy. By putting the grip in the center there is more mass bow weight lower on the riser, improving aiming and stability in the entire shooting system. Prime bows have Stability Built In to help you make that shot.

CARBON STRING STOP

Our All-New carbon string stop features a new carbon rod and a new damper which eliminates noise and vibration on the shot better than any other string stop we have previously produced.

BACK BAR MOUNT

All-New Back Bar mount allows for an easy and secure point for more adjustability.

FREE STRINGS FOR LIFE

Prime Archery has the most advanced warranty in the industry. Once you register your bow you are protected by the Prime Archery Shield Program. With free strings and cables for life, your bow will be shooting lights out at all times.
